

TPC-Sawgrass

Completed in 2007, the TPC-Sawgrass' new 77,000 square foot Mediterranean styled clubhouse opened to rave reviews. With a spectacular view of the Stadium Course, the Clubhouse includes restaurants, pro shop, locker rooms and meeting and event rooms in a facility actually larger than the White House. Rich accents including a gracious curved staircase, oriental rugs, dark mahogany and imported stone have ensured the facility remains a popular venue for weddings as well as many other social functions. Travel and Leisure Magazine rated TPC-Sawgrass one of the top ten Best Golf Resorts in the world.

You may tour the clubhouse, shop the pro shop, and enjoy a meal without being a member of TPC-Sawgrass. The Champions Dining Room and Traditions are members only. Nineteen is currently open to the public. But not for long, membership is filling up. This is a bar and restaurant with patio seating and has an expansive view of the golf course. Wednesday evening music is featured on the lawn. Take advantage of this beautiful, first class facility and make dining reservations now.
